STUDENT HEALTH INSURANCE FOR INTERNATIONAL STUDENTS

It is recommended that international students at Marylhurst University purchase medical insurance from **HTH Worldwide Insurance**. The price is \$768 per year, payable in the Student Accounts Office.

If you have purchased similar insurance from another company, you should make sure you will be covered while living in the United States.

Coverage and Fees

When you purchase insurance through Marylhurst, you will be insured for one year from the date you pay. If you wish to be insured for a portion of a year (for example, during your last term before graduation) you may do so. The charge will be for a minimum of 3 months.

Making Doctor Appointments

When you need to visit a doctor, check the online directory for a doctor near you. You will get maximum coverage from the doctors that you will find on the following Web sites: www.hthstudents.com or www.beechstreet.com. Once you have chosen a doctor, call ahead to make an appointment and check to see if they will honor your insurance.

Student Counseling Services

If you feel you would like some professional counseling, please make an appointment with the Coordinator of Accessibility and Disability Services at Marylhurst University.
