Marylhurst University Immunization Policy

In order to comply with Oregon law regarding a second measles vaccination for college students, Marylhurst University has developed the following policy:

Every full-time, on-campus* student at Marylhurst University who was born on or after January 1, 1957, must provide the school with evidence of having received two doses of measles vaccine on or after his/her first birthday with a minimum of 30 days between doses. If month and year of first vaccine are not available, documentation of the second dose after December 1, 1989, must be provided. The dates must be accompanied by the student’s signature.

*Full-time students are defined as students taking 12 or more quarter credits at the undergraduate level or 9 or more quarter credits at the graduate level as defined by Federal Financial Aid regulations. On-campus students are those taking a minimum of 50% of these credits in an on-campus, face-to-face format. Full-time status is determined based on student-reported intentions at the time of application for admission. Non-degree seeking students are not eligible for financial aid and are not expected to take a full-time course load.

EXCEPTIONS TO THIS POLICY

1. Student provides documentation of adequate measles (rubella) titer.
2. Student provides documentation of having had the disease. This must be signed by a physician, nurse practitioner, physician assistant, or registered nurse working under the direction of an M.D. or D.O.
3. Student provides physician documentation of a medical condition which prevents individual from using vaccine.
4. Religious beliefs of student prohibit immunization.

This policy was created and put into effect beginning September 1, 2000. It was updated to provide an additional exception for part-time and online students on May 1, 2007. All students entering on or after this date who do not meet one of the above exceptions must provide evidence of immunization in order to be allowed to register for classes.

PROCEDURE

Marylhurst University will use the following procedure to assure compliance:

1. Each entering student will be required to present documentation of immunization or legitimate exemption to the Office of Admissions prior to registration. This documentation is to be signed by the student.

2. Students who are required to provide proof of vaccination against measles who do not submit a written documentation of immunization or documentation of exemption statement will not be admitted to the University until they are in compliance.
Statement of Intent

The Admissions Committee would like to get to know you and understand your goals as a student and potential member of the Marylhurst community. We ask that applicants submit a Statement of Intent that will help us become acquainted with you in ways different from courses, grades, test scores, and other objective data.

What is a Statement of Intent?
A Statement of Intent is a brief essay (no more than 1 page) in which you introduce yourself and share information about your academic goals and experiences. This is not a formal academic or research paper, but it should be proofread for errors and grammar to ensure readability. This essay may be used as part of the scholarship consideration process at Marylhurst University.

Instructions:
- Include your full name and address in the top left hand corner of your first page so that we can match your essay with your application should the documents arrive at different times.
- Type your essay using 12 pt. font.
- Limit your essay to one page.

In your essay for the Admissions Committee, please address the following questions:
- Why have you chosen your course of study? If undecided, please comment on your area(s) of interest.
- Why have you chosen Marylhurst University?
- How does this degree fit into your past/current life experiences and future goals?

How to submit your Statement of Intent:
- Email to admissions@marylhurst.edu or directly to your admissions counselor (.doc and .pdf attachments)
- Fax to 503.699.6320
- Mail a paper copy to:
